

Recent Reunions

Otago class reunions are a wonderful way to reconnect with old friends - and they are also a time for nostalgia, and for making new memories along the way. Otago alumni of all ages are returning to campus to relive their student days, and if you are thinking of organising a class reunion, we can assist you.

Contact reunions.alumni@otago.ac.nz for more information if you want to organise a University class or flat or college or sports club reunion.
